Dear Steven and Tara:

On behalf of my company, Martin's Super Markets and myself we thank you for the generous award presented by Pan Oston for winning the National Bag Off. The check out register will be a welcome site not only for us as we celebrate the National Championship, but also our customers who cheered and supported me when training for the event.

We look forward to the gold plated register being delivered where it will be proudly displayed on our front end.

I am humbled at the thought that I have won the National Title for The Best Bagger in the United States! It has and continues to be a surreal moment.

Thank you again for celebrating our success. The contest was awesome!

Most Sincerely,
